Important Information for Educational Planning

- *This degree prepares students to transfer to a Bachelor of Science in nursing (BSN) program at a four-year university, it does not guarantee acceptance into a BSN program. As some BSN programs have additional pre-requisites, students need to contact their potential transfer institutions for complete admission requirements. To receive the DTA degree students must have a minimum of a 2.0 cumulative college-level GPA. CPTC does not offer every course each quarter*
- *Please review details about this degree and advising notes in the college catalog and in the Pre-Nursing DTA Gen Ed dist. Tab*
- *A specific elective course may be credited toward no more than one distribution or skill area requirement. A maximum of 5 elective credits may be in college-level courses as defined by CPTC, and the remainder shall be fully transferable as defined by the receiving institution. Select courses appropriate for intended major and intended bachelor's institution. Students should contact an advisor at the potential transfer institution regarding their interests and specific course choices.*
